Red's No. 1 rival and best friend. He's the 1st runner up for the 9th Pokémon League, and is on par with Red in terms of battle skills. Blue is also the grandson of the famous Professor Oak. He has a sister called Daisy.

Always composed and collected, especially during battles, no one can match Blue's ability to read the opponent's mind, or sense the flow of battle.

Currently, Blue is attempting to solve the mystery of the Sevii Islands with Red.
